- d. If you wish to assert a claim of business confidentiality, you must clearly mark each page of each document included in your claim with a legend such as "trade secret," "proprietary," or "company confidential." If you claim information submitted in response to this Request as confidential, you must also provide a redacted version of the information with all confidential business information deleted. For any document in which you assert a claim of business confidentiality, please answer the following questions:
 - i. What specific portions of the information are alleged to be entitled to confidential treatment? Specify by page, paragraph, and sentence when identifying the information subject to your claim.
 - ii. For what period of time do you request that the information be maintained as confidential, i.e., until a certain date, until the occurrence of a specified event, or permanently? If the occurrence of a specified event will eliminate the need for confidentiality, specify that event. Additionally, explain why the information should be protected for the time period you've specified.

Have you disclosed the information to anyone other than a governmental body or someone who is bound by an agreement not to disclose the information further? - specificity whether disclosure of the information is likely to result in substantial harm to your competitive position. Explain the specific nature of those harmful effects, why they should be viewed as substantial, and the causal relationship between disclosure and such harmful effects. How could your competitors use this information to your detriment?
- vii. Is there any other explanation you deem relevant to the EPA's determination of your business confidentiality claim that is not covered in the preceding questions? If so, you may provide such additional explanation.
